## What's the impact?

"When I joined the SAA as a freshman, I never could have anticipated the opportunities this organization would give me. I've honed my leadership skills, developed relationships with countless alumni, and impacted my campus through event-involvement and using my voice. The SAA has given me the fullest Husker experience as an undergrad, and I will forever continue to stay connected to Nebraska."

— Claire Berman, '19-20 SAA President
